Administered By:

Dothan Downtown Redevelopment Authority

Financial Assistance Provided Through
U.S. Department of Housing and Urban Development
OVERVIEW
The City of Dothan is receiving annual entitlement grants from the U.S. Department of Housing and Urban Development under the Housing and City Development Act of 1974 as amended. The Board of City Commissioners of the City of Dothan has determined that a part of the annual grant is to be set aside and used to conduct façade improvements that will benefit qualified businesses in a designated target area. This area includes commercial buildings facing the streets of Foster Street on the west, E. Crawford Street to the south, Museum Ave. to N. Appletree on the east, and Depot St. over to N. Foster to the north. This policy is adopted to set forth the procedures and guidelines under which this program will be conducted. It is meant to remain in force and effect from program year to program year unless amended or rescinded by the Board of City Commissioners. The Dothan Downtown Redevelopment Authority administers this program.

FAÇADE IMPROVEMENT – PURPOSE AND DEFINITION
The purpose of the façade improvement program is to encourage economic development in targeted areas.

The term “façade improvement” as used herein is defined as:

General upgrading of a building’s external appearance with the façade being visible from the street.

Limitations –

• The façade improvement must be visible from the street.
• The target area is included in a Historic District and façade improvements may therefore be required to be approved by the Historic Preservation Commission.

• An applicant may apply once per year per physical address. If physical addresses are for a conjoining structure, the façade must not conflict with the rest of the structure.
• The building will not be required to be occupied to be eligible but must be in adequate condition to be occupied at the time of the application.
• The façade improvement upon completion must be maintained for a three-year term. The sale of the building during this term will result in a prorated amount being refunded to the City’s CDBG program by the applicant.

Below are examples of eligible work, which include but are not limited to the following:
